

Colorado

Candidates for Governor:

Jared Polis (D)

Polis affirms that climate change is real and threatening human life and is highly supportive of climate solutions. As Governor, Polis shows initiative on climate action and uses the power of his office to advance meaningful climate solutions.

Heidi Gahnal (R)

Gahnal accepts that climate change is real but fails to address the issue at all in her campaign platform. She opposes legitimate climate solutions and criticizes important climate goals and legislation.
